Mistakes are impossible, I hope they are few, and will be ever looked. The information that is in this book is that which you folks had given me, and was duplicated as received.

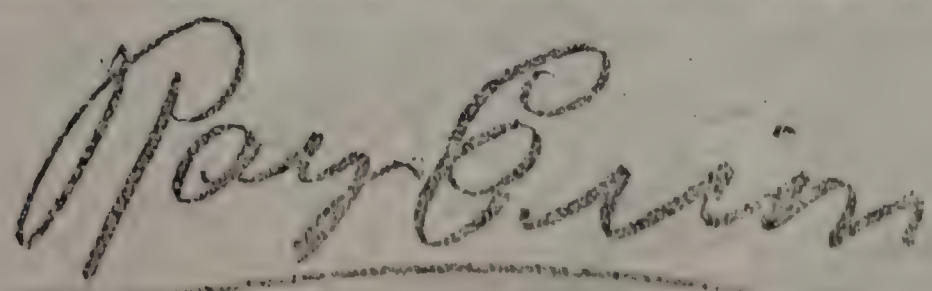
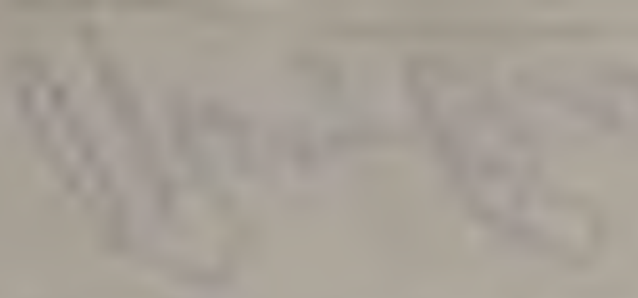
FORWARD

In presenting this book, I wish to express my sincere thanks, to the many who have helped make it possible, and the kindly manner in which was received by them. The purpose of this book is to assemble the records of the descendants of John and Mary Nemble.

Our plan is to assemble once a year, so that we may renew our acquaintances with one another, thus being able to trace our own relationship to these fine progenitors.

After having studied the records of this family, which dates back one hundred fifty years, one is proud to say that it is good; and to commend it to you, that, as it is now, let us strive to keep it; remembering that we came into the world, serve our purpose, and then pass on. Let us, as we fulfill life, leave behind us good for those that come after.





The
Family Tree
of
The Nembel Generation.
1943.

I Dedicate this book to you;

Who would emerge out of an old world,

Into a new;

Who would catch a new vision,

And thus find,

Inspiration, hope, and courage;

Who will accept peace, health,

And plenty.

May the blessing of God be with you.
